Grasshopper Stop Flap Clip (Stop Flap Clip, SFC)

Revolutionary **NEW** Stop Flap Clip, SFC, to be used in conjunction with the Grasshopper Straight Roof Rafter or the Grasshopper Power Tension Rafter, this clip makes a powerful Stop Flap application. Others refer to this application as an Anti Flap Kit, Grasshopper Outdoors offers this clip that helps:

- ✓ To eliminate roof flap when the wind is blowing
- ✓ Helps to HOLD the vinyl roof sturdily, and when used in conjunction with annex/shades the Stop Flap Clip forms a wind proof, sunshine proof, and rain proof connection
- ✓ UV Stabilised, these clips will give years of loyal service. The plastics used in manufacture of this Stop Flap Clip have been Tried in the Sun and Heat of the Goldfields of Western Australia, without failure over a 10 year period.
